

Section-5

Observations, Recommendations and Summery

(Initial and periodic inspection of an existing installation up to 1000 V AC and 1500 V DC)

Section-1

Extent and limitations of inspection and testing

<i>Extent of installation covered by this Report:</i>	errfdrtgrtgdrger
<i>Agreed limitations including the reasons:</i>	3rerwerwerwewfeef
<i>Agreed with:</i>	ertdgdrttdtgfchhyjuyj
<i>Operational limitations including the reasons:</i>	esfgdgdrttdtrththt
<i>The inspection and testing detailed in this report have been carried out in accordance with IEC60364. It should be note that cables concealed within trunk/trench and conduits, under floors which are generally within the fabric of the building or underground, have not been inspected unless it is specifically agreed between the client and inspector prior to the inspection :</i>	ersegdrgtdrtgdtrhfth

Sectction-2

Observations

<i>Referring to attached inspection report and test results and subject to the limitations specified at the extent and limitations of inspection and testing:</i>	The following observations are made
---	-------------------------------------

<i>Observations</i>	<i>Further actions</i>	<i>Reference number in report</i>	<i>Comment</i>

Section-3

Recommendations

The overall assessment of the suitability of installation for continuous use is stated as unsatisfactory, I/We recommend that any observations that are classified as “danger present” (Code C1) or “potentially dangerous” (Code C2) should be acted upon as a matter of urgency. Investigation without delay is recommended for observations which are identified as “Required further investigation”. Observations classified as “Improvement recommended” (Code C3) should be given due consideration. Subject to necessary remedial action being taken, I/We recommended that the installations should be further inspected and tested.

Date:

vghfthfhtftft

Section-4

Summary And Conditions Of The Installation

General condition of the installation in terms of electrical safety:

rdtrdgdgfdtrdr

Overall assessment of the installation in terms of suitability on continuous use:

rdtrdgrgtd

Section 5

Declaration

I/we being the person responsible for the inspection & testing of the electrical installation (as indicated by my/our signatures below), particulars of which are described in this report, having exercised reasonable skill and care when carrying out the inspection and testing, hereby declare that information in this report including the observations provides an accurate assessment of condition of electrical installation taking into account the stated extent and limitations in part 5 of this report
